

ABDELRAHMAN OSAMA SAID ABDELMOBDY

Computer Science (Computer Networks & Security) Student | Full-Stack Developer

 Johor Bahru, Malaysia (Willing to Relocate)  +60 11-1138 2852  abdelrahmanmobdy1@gmail.com  [LinkedIn](#)
 [GitHub](#)  [Portfolio](#)

PROFESSIONAL SUMMARY

Ambitious Computer Science student at Universiti Teknologi Malaysia (UTM) specializing in Computer Networks and Security. Combines robust full-stack web development capabilities (React, TypeScript, Supabase, Spring) with practical telecom network site documentation and data center infrastructure training. Demonstrated experience in designing, building, and deploying production-ready platforms for international clients. Former elite national-level competitive swimmer, leveraging high discipline, resilience, and collaborative leadership within technical engineering environments.

EDUCATION

Universiti Teknologi Malaysia (UTM) — *Johor, Malaysia* Oct 2023 – Dec 2027

Bachelor of Computer Science (Computer Network and Security) with Honors

- Relevant Coursework:** Computer Networks, Computer Security, Internetworking Technology, Cryptography, Operating Systems, Network Programming, Web Programming, Discrete Structure.
- Leadership & Merit:** Awarded 8 UTM Merit points for outstanding co-curricular involvement and active leadership in student societies.
- Team Leadership:** Recognized by faculty and peers for cross-functional project coordination, task delegation, and consistent on-time delivery across complex technical modules.

TECHNICAL SKILLS

Languages	Java, Python, C++, TypeScript, JavaScript, SQL, HTML, CSS
Frontend	React 18, Redux Toolkit, Tailwind CSS, Bootstrap 5, shadcn/ui, Vite, Thymeleaf
Backend & DB	Supabase (PostgreSQL, Auth, RLS, Edge Functions), Spring MVC, Spring Security, Hibernate, Strapi (Node.js), MySQL 8.0, REST APIs
Tools & Security	Git, GitHub, Linux, Kali Linux, Maven, Apache Tomcat, Jira, AutoCAD, JWT, Axios, HikariCP
Core Concepts	Full-Stack Development, RBAC, Row Level Security, Agile/Scrum, Waterfall, OOP, Cybersecurity, 4G/5G Network Analysis

WORK & PROJECT EXPERIENCE

Full-Stack Lead Developer — **Black Viral Athletic Club (Live Client Platform)** Jan 2026 – Present

- Stack:** React 18, TypeScript, Supabase, PostgreSQL, Tailwind CSS, Vite
- Architected and built a full-stack multi-role sports management web application for a UAE training client with a PostgreSQL backend comprising 10+ relational tables.
- Implemented Role-Based Access Control (RBAC) across 4 user roles (Trainee, Coach, Super Admin, Support Agent) utilizing Supabase Row Level Security (RLS) policies.
- Engineered core features: course enrollment, attendance tracking, automated certificate issuance, real-time group messaging, and multi-branch support across 3 UAE locations.
- Actively maintain live production infrastructure, delivering continuous feature iterations and optimizations based on direct client feedback.

AutoCAD Designer — **Signal-Tech** Jun 2023 – May 2024

- Drafted precise technical schematics for over 400 telecom tower sites using AutoCAD, covering Remote Radio Units (RRUs), equipment cabinets, and structural layouts.
- Completed associated site paperwork and coordinated documentation for multiple tower upgrade projects across various network operators.
- Rapidly mastered company workflows and toolsets, becoming a productive team member with minimal ramp-up time.

TECHNICAL PROJECTS & INITIATIVES

Full-Stack Developer — [FreeLearning Platform \(UTM OpenAI Course\)](#)

Dec 2025

- **Stack:** React, TypeScript, Supabase, PostgreSQL, Tailwind CSS, SambaNova API
- Co-developed a full-stack gamified learning platform for secondary students following Agile/Scrum methodologies.
- Engineered the student discussion forum with moderation tools and integrated an AI chatbot tutor powered by SambaNova API, secured via Supabase RLS.

Network Infrastructure Designer — [Two-Storey Facility Plan \(UTM\)](#)

2024

- Drafted a complete network infrastructure design blueprint for a two-floor commercial building using AutoCAD.
- Collaborated on network topology mapping, structured cabling paths, hardware placement, and subnetting strategies.

Developer & Creator — [Personal Web Portfolio](#)

Apr 2026

- Designed and deployed a responsive personal portfolio website showcasing projects, skills, and certifications with optimal cross-browser performance.

CERTIFICATIONS & SPECIALIZED TRAINING

[🔗 Verify Certificates \(Google Drive\)](#)

- **Cisco CCNA: Enterprise Networking, Security, and Automation** — Cisco (*Apr 2026*)
- **Cisco CCNA: Switching, Routing, and Wireless Essentials** — Cisco (*Dec 2025*)
- **Cisco CCNA: Introduction to Networks** — Cisco (*Jul 2025*)
- **Skills2Work Data Center Foundation Training** — UTM x The Asia Foundation x Microsoft (*Nov 2025*)
Covered ICT fundamentals, data center site operations, power/cooling infrastructure, and included on-site study at DayOne Data Center.
- **AI Aware & AI Appreciate Badges** — MyDIGITAL & Intel (*Apr 2024*)
- **Portfolio Website Workshop Certification** — ISS Egypt, UTM (*2024*)
- **International Pool Lifeguard & Swimming Instructor Level 1** — International Water Sports Federation (IWSF) (*Jan 2022*)
- **IELTS Academic Certificate** — British Council | Band 5.5 / CEFR B2 Level (*Dec 2022*)

EXTRACURRICULAR LEADERSHIP & ACHIEVEMENTS

National Elite Swimmer & Swimming Instructor

2018 – Present

Competed in elite national swimming tournaments across two countries. Developed high athletic discipline, mental focus, and team leadership. Certified as an international instructor and pool lifeguard, teaching advanced swimming techniques and managing water safety.

LANGUAGES

Arabic: Native

English: Fluent (B2 / IELTS 5.5)

Malay: Basic
