## PROFESSIONAL SUMMARY

**Ambitious and fast-learning** Computer Science student at Universiti Teknologi Malaysia (UTM), specialising in **Computer Networks and Security** with a strong drive to build a career in Cybersecurity. Brings hands-on industry experience from designing and documenting telecom tower sites using **AutoCAD**, building a full-stack sports academy website, and architecting network systems. Holds practical data center exposure. and Combines technical skill, competitive discipline Made through **Elite-level swimming** by competing on national level swimming Tournaments in two countries, and proven team contribution to deliver results in both independent and collaborative settings.

## EDUCATION

**Bachelor of Computer Science (Computer Network and Security) with Honors**

Oct 2023 – Dec 2027

Universiti Teknologi Malaysia (UTM)

- **Relevant Coursework:** Computer Networks, Computer Security, Internetworking Technology, Cryptography, Operating Systems, Network Programming, Web Programming, Discrete Structure.
- **Campus Involvement:** Awarded 8 UTM Merit points for outstanding co-curricular involvement and active leadership in student societies.
- **Collaborative Leadership:** Recognized by peers and faculty for proactive teamwork, reliable task delegation, and consistent on-time project delivery across complex engineering modules.

## TECHNICAL SKILLS

- **Languages:** Java, Python, C++, TypeScript, JavaScript, HTML, CSS, SQL.
- **Frameworks & Libraries:** React 18, Redux Toolkit, Spring MVC, Spring Security, Hibernate ORM, Thymeleaf, Tailwind CSS, Bootstrap 5, shadcn/ui
- **Backend & Database:** Strapi (Node.js), Supabase (PostgreSQL, Auth, Edge Functions, RLS), MySQL 8.0, JWT, Axios, HikariCP.
- **Tools & Platforms:** Git, GitHub, Maven, Apache Tomcat, Vite, VS Code, Linux, Kali Linux, Supabase, Jira, AutoCad.
- **Concepts:** Full-Stack Dev, REST APIs, RBAC, JWT Auth, Row Level Security, Agile/Scrum, Waterfall, OOP, Cybersecurity, Network Analysis (4G/5G)

## WORK EXPERIANCE

**AutoCAD Designer**

Jun 2023 – May 2024

Signal-Tech | Johor Bahru, Malaysia

- was responsible for sketching more than 400 telecom tower sites using AutoCAD, covering RRUs, cabinets, and building layouts.
- Completed associated site paperwork and coordinated documentation for multiple tower upgrade projects across various network operators.
- Rapidly mastered company workflows and toolsets, becoming a productive team member with minimal ramp-up time.

PROJECTS & TEAM EXPERIENCE

**Black Viral Athletic Club — Full-Stack Client Web Platform (Live)** — React 18, TypeScript, Supabase, PostgreSQL, Tailwind CSS, Vite Jan 2026

[blackviral.club](#) | Developed for a UAE sports training organisation | Active ongoing client

- Architected and built a full-stack multi-role sports management platform for a real UAE client, with a React/TypeScript SPA frontend and Supabase/PostgreSQL backend comprising 10+ relational tables.
- Implemented RBAC for four user roles (Trainee, Coach, Super Admin, Support Agent) with dedicated dashboards via Supabase Row Level Security (RLS) policies.
- Delivered core features including course enrollment, attendance tracking, certificate management, real-time group messaging, event management, and multi-branch support across 3 UAE locations.
- Actively maintaining and iterating the live production system, delivering ongoing feature updates and bug fixes in direct collaboration with the client.

**Personal Portfolio Website** — HTML, CSS, JavaScript Apr 2026

- Designed and deployed a responsive portfolio at [obaيدا404.github.io/My\\_portfolio/](#) showcasing projects and certifications with mobile-responsive layout and cross-browser compatibility.

**FreeLearning - Educational Web Platform** - React, TypeScript, Supabase, PostgreSQL, Tailwind CSS, OpenAI API | Application Development Course | UTM | Team 1<sup>st</sup> Developer Dec 2025

- Co-developed a full-stack gamified learning platform for secondary school students.
- Responsible for developing key system features including AI chatbot, Students forum and story modules.
- System integrated Supabase for authentication, and Row Level Security (RLS); [SambaNova](#) API for an AI chatbot tutor; and a discussion forum with moderation tools following Agile/Scrum methodology.

**Network System Design - 2-Storey Building** - AutoCAD | Group Project | UTM 2024

- Designed and drafted a complete network infrastructure plan for a two-floor building by using AutoCAD.
- Collaborated with team members to plan topology, building layout, device placement, and cabling layout.

EXTRACURRICULAR ACTIVITIES & VOLUNTEERING

**Skills2Work Data Center Foundation Training** — Volunteer Support UTM x The Asia Foundation x Microsoft Nov 2025

Completed a 5-day intensive covering ICT fundamentals, data center infrastructure, and job readiness. Visited [DayOne](#) Data Center and assisted with event organisation and photography during study sessions.

CERTIFICATIONS & WORKSHOPS

- **CCNA: Introduction to Networks** | Cisco Jul 2025
- **CCNA: Switching, Routing, and Wireless Essentials** | Cisco Dec 2025
- **CCNA: Enterprise Networking, Security, and Automation** | Cisco Apr 2026
- **AI Appreciate Badge - AI untuk Rakyat** | MyDIGITAL & Intel Apr 2024
- **AI Aware Badge - AI untuk Rakyat** | MyDIGITAL & Intel Apr 2024
- **Portfolio Website Workshop Certification** | ISS Egypt, UTM.
- **International Pool Lifeguard** | International Water Sports Federation (IWSF) | Jan 2022.
- **International Swimming Instructor Level 1** | International Water Sports Federation (IWSF) | Jan 2022
- **IELTS Academic Certificate** | British Council (Band 5.5 / CEFR B2) | Dec 2022
- **Skills2Work Data Center Foundation** | UTM, Microsoft, The Asia Foundation | Nov 2025
